

sonic mini eye wand

Instruction Manual

Please read the manual before use and keep the instruction brochure in a safe place for future reference.

PRODUCT INTRODUCTION

- **Rated Voltage / Power:** 1.5V / 1.0W
- **Type of Battery:** 1 x AAA battery (not included)
- **Material:** ABS, Zinc Alloy

1. Precision Eye Massage Head (Nickle Free suitable for sensitive skin)
2. Smart Touch Sensor (activates sonic vibration and gentle heat)
3. 1 x AAA Battery (not included)

HOW TO USE

1. Insert 1 x AAA battery into battery compartment. In general, each battery can last up to 3 hours.
2. Apply your favourite eye cream, serum, or mask (even sheet masks) around the eye area.
3. Hold the Manicare® **sonic mini**® eye wand under the eye area, and ensure your finger is in contact with the Smart Touch Sensor to activate the sonic vibration with gentle heat. It will take about a minute to warm up.
4. Move the device gently in a circular motion or lightly dab around the eye area until skincare product has been completely absorbed.
5. To clean, remove excess skincare product with a tissue or damp cloth. Don't wash the device in water or any other cleaner.
6. We recommend using 1 minute in each massage session. Suitable to use daily as part of your day and/or night regime.

HOW TO CLEAN

- Remove excess skincare product with tissue or damp cloth.
- Do not use water, alcohol, scrub cleaners, or any abrasive substances to clean the device.
- For health reasons, it is not advisable to share the device with others.

SAFETY PRECAUTION

If you are susceptible to one or more of the conditions below, please seek advice from a medical professional prior to use:

- Skin allergies, itchy skin, skin prone to irritation or sensitive to heat treatment
- Sunburn
- Opened wounds/ Skin lesions
- Severe acne
- Pregnant or breastfeeding
- While wearing contact lens
- Eye surgery/ face implants/ or other types of eye diseases
- Recently had your face treated or subjected to chemical stripping, microdermabrasion, or cosmetic surgery
