Manicare[®] Salon Thermal Sonic Cleanser

ACTIVATE FOR THE FIRST TIME

Charge for 3 hours before the first use.

Place on recharge plate with silicon bristles facing up.

A full charge can last up to 3 hours of usage. Base on 1 minute, twice daily, that is almost 3 months.

TURN ON/OFF

3 levels of sonic vibration intensity to suit your needs.

Press the power button once for low speed, press power button again to increase speed. Press power button third time for highest intensity.

WARMING FUNCTION

Optional warming function to reach 40° C to help open up pores

PRECAUTION

If you are susceptible to one or more of the conditions listed below, please seek advice from a medical professional prior to use:

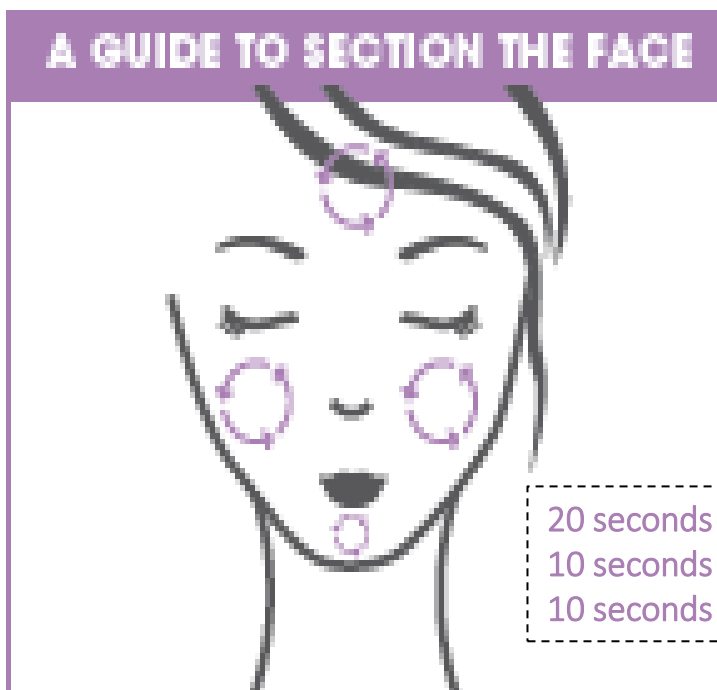

- Skin allergies
- Sunburn
- Open wounds
- Itchy skin or skin prone to irritation
- Severe acne or active breakouts
- Recently had your face treated or subjected to chemical stripping, microdermabrasion or cosmetic surgery

Manicare® Salon Thermal Sonic Cleanser

– the next generation of deep, yet gentle facial cleansing.

QUICK START GUIDE

1. Moisten your skin, apply your preferred skincare cleansers directly onto the bristles. Press Power for 3 sec, followed by warming button (optional).
2. Gently glide Manicare® Salon Thermal Sonic Cleanser on your face in circular motions.
3. Rinse, pat-dry and continue with your skincare routine (preferred serum, moisturiser or sheet masks for better results.)

Gently cleanse your face in small circular motions in each of the sections in diagram

Recommended Use: **one minute x twice daily**
to reveal **cleaner, brighter, healthier-looking complexion** over time.

Manicare® Salon Thermal Sonic Cleanser Frequently Asked Questions

What is the Thermal Sonic Cleanser?

The Thermal Sonic Cleanser is a rechargeable facial cleansing silicone brush that uses sonic vibration to assist in cleaning impurities from deep within your pores.

How do I use the Thermal Sonic Cleanser®?

Press the power button once for the gentle cleansing mode.

Press the power button twice for the regular cleansing mode.

Press the power button three times for deeper cleansing mode.

Hold the power button for 1-2 seconds to power off the unit.

The indicator light will turn on when the device powers on and will flash when the unit needs to be charged.

How often should I use the Thermal Sonic Cleanser? Sonic Cleanser can be used up to twice daily.

Can I use a silicone face brush every day?

A silicone face brush is among the best skincare products to use in a skincare regime. This facial tool is designed to be used every day. To achieve the best results, you need to use it twice a day for just a minute each time.

Can I use the Thermal Sonic Cleanser in the shower?

Yes. The Thermal Sonic Cleanser is 100% waterproof and suitable for use in the shower. However, Induction charger need to be kept dry at all times.

What is the suggested age to start using a Thermal Sonic Cleanser?

It is very gentle. Suitable from 16 years of age

Is it safe to use when pregnant?

YES

Manicare® Salon Thermal Sonic Cleanser

How do I clean my Thermal Sonic Cleanser?

It is recommended to wash every week with warm soapy water. Leave it to dry naturally in a well ventilated area to keep the device dry. The Induction charger just need a wipe down.

Can I use the Thermal Sonic Cleanser if I have acne?

The Thermal Sonic Cleanser can be used, however we strongly recommend avoiding passing over areas with active breakouts.

What products should I use with the Thermal Sonic Cleanser?

Cleanser that lathers are the best, such as gel, cream, and foam

Is the Thermal Sonic Cleanser good for more mature skin?

The Thermal Sonic Cleanser is good for all skin types as it works to assist in cleaning impurities from deep within the pores.

Is Thermal Sonic Cleanser an exfoliator?

The Thermal Sonic Cleanser is not an exfoliator, however it does assist in removing dead skin cells from the surface of the skin.

Does the Thermal Sonic Cleanser help with large pores?

The Thermal Sonic Cleanser aims to provide your skin with a deeper clean than conventional cleansing. In turn, this may result in less visible and more refined pores.

How often do I charge my Thermal Sonic Cleanser?

A full charge on the Thermal Sonic Cleanser can last up to 3 hours of usage (180minutes = 3month of usage). When the main unit needs to be charged, the indicator will flash as a reminder. When charging for the first time, or after an extended period of non-use, charge for 3 hours prior to use. It is recommended to keep the recharge port dry at all times.

How do I know when my Thermal Sonic Cleanser is finished charging?

During the charging process, the indicator light will flash intermittently in different colours. The indicator Green light will remain on, once the Thermal Sonic Cleanser is fully charged.
